## *Tour & Tasting at The Library*

Come enjoy a wine & cheese pairing to inaugurate our renovated *Library* space. That's right, we've got a completely remodeled space, just above our *Tasting Room*. A space that will be exclusively dedicated to tours, tastings, wine appreciation and wine pairing classes, special events, and much more.

The tour will start in our vineyards, moving into the *Tank Room*, ending in "*The Library*" room (above our Tasting Bar). Following a brief explanation of the grape growing season and the wine making process, we will dive into the extensive tasting of 5 wines, 2 of which will be **exclusively released** that night. Each wine will be paired with authentic and rare imported Italian cheeses. The last wine will be paired with fresh seasonal fruit.

Come celebrate (and taste) with us for this one time only ribbon-cutting event for a newly renovated space at our winery. Space is limited to **35 guests**.
